A meeting of the Finance Committee was held at 156 Fifth Avenue on Tuesday, July 16th.

The first item considered was a recommendation from the Magazine Committee relative to the continued absence of Mr. Bull of the Magazine Department.

Mr. Bull has been out of the office three months on account of illness, two months on full salary and one regular vacation month, the Magazine Committee recommended that he be granted four months additional leave of absence on half salary with the understanding that if he returns to the office at the expiration of, or before the time allowed his position is open to him.

This recommendation was adopted and the Treasurer notified.

The matter of securing a lighter room for Miss Crowell was considered and room 1106 (?) was rented for her. This brings no additional expense to the Animals Board as the office room for Mr. B. material on the ninth floor
